

## COVID-19 FAQ

***10. If for some reason we apply for the second round of funding, if we do not use the funds are we able to return them? As of now, I think our first check will cover us, but I do not want to miss out either. I also need a way out if we do not need those extra funds.***

Answer: *We do not believe that any of the funds from Round 1 or Round 2 need to be returned (funds do have to be expended according to the Terms and Conditions, but there is no time limit on how long you have to do so). Both Rounds 1 and 2 were labeled as “grants” meaning there is no affirmative duty to return the funds.*
