Medicare Ground Ambulance Data Collection

Ground Ambulance Providers and Suppliers Selected to Submit Data in Year 1

Note: Per CMS, this list consists of randomly selected ground ambulance providers and suppliers that submitted and were paid for at least one ground ambulance claim to Medicare in 2017, the most recent year for which CMS has complete claims data, using the NPI listed. CMS says they are aware that some of the organizations listed may not be enrolled in or may not be furnishing ground ambulance services at present. However, all ambulance organizations on this list must confirm with their MAC the starting date for their data collection period.

Please see the Medicare Ground Ambulance webpage for more details concerning this data collection. This website is available at:
