

DYNAMIC EMS DOCUMENTATION

Essentials for Patient Care, Risk Management and Compliance

THIS SEMINAR WILL INCLUDE VARIOUS METHODS AND APPROACHES TO EMS DOCUMENTATION, COVERING NEGLIGENCE AND THE IMPORTANCE OF DOCUMENTATION IN DEFENSE OF LITIGATION. OTHER TOPICS INCLUDE:

- Accurate and complete documentation in regards to reimbursement and compliance.
- Patient and crew signature requirements, medically necessary documentation.
- Critical EMS documentation skills to support the level of detail required for ICD-10 coding.
- Patient privacy under HIPAA and problems that may occur with improper documentation procedures.
- Explore the relationship between documentation and EMS provider liability.
- Focus on the importance and requirements for both 911 emergency calls and non-emergency transports.
- The session will wrap up with a “mini mock trial” to demonstrate an EMT on the witness stand in a negligence lawsuit.

*Think this is "just another documentation session?"
Well, think again!
This session brings together the clinical, medical-legal, and compliance aspects of EMS documentation*
